

## ACKNOWLEDGEMENTS

I would like to express my sincere thanks to my thesis advisor, Assoc. Prof. Dr. Tosawat Seetawan and Dr. Chokchai Kahattha for his invaluable help and constant encouragement throughout the course of this research. I am most grateful for his teaching and advice, not only the research methodologies but also many other methodologies in life. I would not have achieved this far and this thesis would not have been completed without all the support that I have always received from his.

In addition, I am grateful for the battery research laboratory, Center of Excellence on Alternative Energy and Research and Development Institute, National Metal and Materials Technology Center (MTEC) and Program of Physics, Faculty of Science and Technology Sakon Nakhon Rajabhat University for suggestions and all their help.

Finally, I most gratefully acknowledge my parents, my family and my friends for all their support throughout the period of this research.
